

**LEAD & COPPER RULE MONITORING AND REPORTING VIOLATION  
MANDATORY LANGUAGE - TIER III**

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER**

ARMADILLO WOODS has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we are doing to correct these situations.

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During 6/1/2024 THRU 9/30/2024 we did not monitor or test for LEAD AND COPPER contaminants and therefore cannot be sure of the quality of your drinking water during that time.*

The table below lists the contaminant we did not properly test for during the last year, how often we are supposed to sample for LEAD AND COPPER], how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the follow-up samples will be taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were or will be taken
<i>Lead and copper tap water sampling</i>	<i>3 YEARS</i>	<i>10</i>	<i>June 1 thru Sept 30 2024</i>	<i>Jan 1 thru June 30 2025</i>
<i>Lead and Copper entry point sampling</i>				
<i>Water quality parameters</i>				

**What is being done?**

We are working to correct the problem. For more information, please contact Alison Harding at 281-356-5060 or PO Box 837, Pinehurst TX 77362.
